

PLANT INSTALLATION

The planting phase of your design should compliment and extend existing plantings. Each project consists of focus points which exist as primary areas for aesthetic concerns, privacy and recreation.

All plant material is hand selected by our expert team to ensure shape, color and quality for lasting beauty.

The objective of the plantscape design is to provide year round beauty using alpine and indigenous plants and shrubs like:

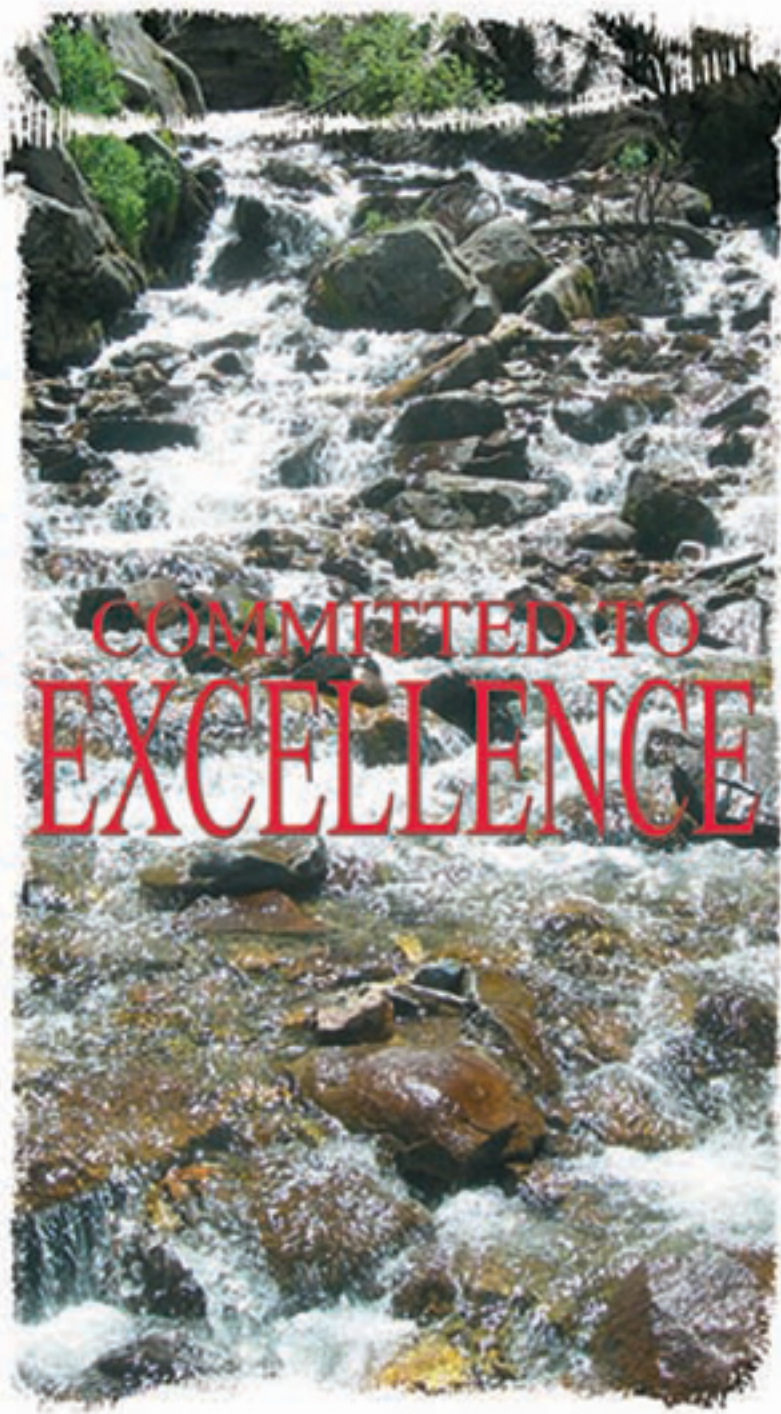

- Evergreen Trees and Shrubs
- Deciduous Trees and Shrubs
- Perennials
- Groundcovers

Let EarthScapesDurango, Inc. help create your very own water and wildlife ecosystem. Install a pondless stream, waterfall or pond and watch nature come to you. An amazing transformation will take place! Your water feature will be the first place you go as you wake each morning. At the end of the day you will look forward to listening to the soothing sounds produced by your water garden. Call us today for a free estimate!

References & recently completed jobs are available upon request.

COMMITTED TO EXCELLENCE

970.946.5284

EarthScapesDurango, Inc. was created in 1995. Inspired by the natural beauty of this region, Douglas Thibeaux created a landscape company to preserve and add to this magnificent area. EarthScapesDurango, Inc. is a locally owned and operated business providing water features, custom landscaping and exceptional customer service. Ponds, pondless streams, waterfalls, wetlands and bogs are the company's forte. Maintenance on new and pre-existing water features and landscapes is also available.

DESIGN & PLANNING

A successful design begins with you! Our landscape team will help create and plan your project reflecting your dreams and desires. Your new landscape will provide you with many years of enjoyment and practical use.

CONSTRUCTION PHASE

The construction phase of your project includes the general dirtwork, grade issues, erosion and retaining control, boulder and rockwork plus installation of:

- Water Features
- Patios and Pathways
- Steps and Terraces
- Rock & Timber Walls
- Boulderscapes
