

Have you been thinking about landscaping?

My name is Jim Daly, and I own Custom Landscapes, a full service landscape design and installation company. I have over 28 years in the landscape industry and am committed to client satisfaction.

High quality work is my standard.

While I often design and install large, sophisticated landscapes, I welcome any size project. For example, landscape upgrades and renovations are very gratifying to both me and my clients.

With so many years of experience, I will have many practical solutions and creative ideas to enhance your property. Landscaping not only adds value to your home, but makes it more enjoyable to you today.

Call me for a FREE consultation and estimate. You will be satisfied with our work—I will be on-site to make sure!

Give me a call today for a FREE, no-obligation consultation and estimate. Let's see if we can't increase the value of your property and your pleasure living there.

My services include:

- Xeriscapes
- Site design
- Walkways and patios
- Retaining walls created from boulders, edge-rock or timber
- Grading
- Seed or sod work
- Lawn renovation
- Berms
- Shrub and tree planting
- Perennial beds, clean-ups and re-mulching
- Drainage solutions
- Drain tile installation
- Driveways and parking areas
- Light excavation & trucking

Custom Landscapes LLC 970.884.1908

1639 Foxfire Road
Bayfield, Colorado 81122

I have many local, homeowner referrals to provide you. I am also highly trusted by Durango Nursery and Supply and San Juan Waterworks Irrigation Company. Custom Landscapes is licensed and insured.
