Deer and Rabbit Resistant Plants

Planning

Deer are less attracted to plants that are fuzzy, prickly, or emit a slightly unpleasant odor.

Pests are attracted to newly planted plants from nursery stock because of the new growth and plentiful nutrients. Although the listed plants are labeled as 'Resistant', they are not pest-proof! In drought years, deer are known to eat plants they will usually pass up.

Deer like to rub their antlers on trees, which damages and scars trunks. Newly planted trees should be protected around their trunks with hard plastic mesh tree guard.

Other Options

- 10ft Fence surrounding your garden space
- Dogs: deer tend to stay away from areas where dogs frequent
- Pest Sprays: Liquid Fence or Bobbex emit powerful odors that deter deer and rabbits
- DIY Egg Sprays: Mix 2-3 eggs in water overnight, strain, and put in spray bottle
- DIY Hot Sauce Spray: Hot sauce mixed with garlic oil and water

Ornamental Grasses

<i>Calamagrostis sp.</i>	Feather Reed Grass
<i>Chasmanthium lat.</i>	Northern Sea Oats
<i>Erianthus ravennae</i>	Pampas Grass
<i>Festuca glauca</i>	Blue Fescue
<i>Helictotrichon semp.</i>	Blue Oat Grass
<i>Miscanthus sp.</i>	Maiden Grass
<i>Panicum sp.</i>	Switch Grass
<i>Pennisetum sp.</i>	Fountain Grass

Shrubs & Woody Vines

<i>Amorpha sp.</i>	Leadplant	<i>Lonicera sp.</i>	Honeysuckle
<i>Artemisia sp.</i>	Sage	<i>Mahonia sp.</i>	Oregon Grape
<i>Atriplex canescens</i>	Four Wing Salt Brush	<i>Perovskia sp.</i>	Russian Sage
<i>Berberis sp.</i>	Barberry	<i>Potentilla sp.</i>	Cinquefoil
<i>Buddleia sp.</i>	Butterfly Bush	<i>Physocarpus sp.</i>	Ninebark
<i>Caragana sp.</i>	Pea Shrub	<i>Prunus tomentosa</i>	Nanking Cherry
<i>Caryopteris sp.</i>	Blue Mist Spirea	<i>Prunus besseyi</i>	Sand Cherry
<i>Cercocarpus sp.</i>	Mountain Mahogany	<i>Pyrocantha sp.</i>	Firethorn
<i>Chaenomeles sp.</i>	Flowering Quince	<i>Quercus gambelii</i>	Gambel Oak
<i>Chamaebatiara sp.</i>	Fernbush	<i>Ribes sp.</i>	Sumac
<i>Chrysothamnus sp.</i>	Rabbitbrush	<i>Rubus sp.</i>	Raspberry & Blackberry
<i>Cotinus sp.</i>	Purple Smoke Bush	<i>Shepherdia argentia</i>	Silver Buffalo berry
<i>Cytisus sp.</i>	Broom	<i>Spiraea sp.</i>	Spiraea
<i>Fallugia paradoxa</i>	Apache Plume	<i>Symphoricarpos sp.</i>	Coralberry, Snowberry
<i>Hibiscus syriacus</i>	Rose of Sharon	<i>Syringa sp.</i>	Lilac
<i>Holodiscus sp.</i>	Rock Spirea	<i>Viburnum sp.</i>	Viburnum
<i>Hypericum kalm.</i>	St. John's Wort	<i>Weigela sp.</i>	Weigela
<i>Juniperus sp.</i>	Juniper (Mature)	<i>Wisteria sp.</i>	Wisteria
<i>Ligustrum vulgare</i>	Cheyenne Privet	<i>Yucca sp.</i>	Yucca
